To: ALL CLAIMANTS AND INTERESTED PARTIES

Subject: FUND TECHNICAL REVIEW GUIDANCE DOCUMENT NO. 2

The Underground Storage Tank Cleanup Fund (Fund) has received a number of inquiries from claimants and other interested parties concerning the issue of licensed/unlicensed contractors. Although the Fund has no control over who is or is not licensed, the use of a contractor who is not, in accordance with all applicable laws, properly licensed will impact the amount of reimbursement received by a claimant.

The [attached document](#) is to be used as guidance only. Any questions you may have concerning contractors in general, specific contractors, licensing or complaints, should be directed to the Contractor's State License Board (CSLB). Please see the reverse side for the telephone number for the CSLB office in your area.

Should you have any question with regards to the attached Guidance Document, please contact Bob Trommer, with the Fund, at (916) 341-5684.
